

# POLAR

## UNDER CABINET LUMINAIRE FOR ACCENT LIGHTING

**POLAR** is made entirely from aluminium, with a thickness of only 4mm. The high light intensity is guaranteed by a cluster of 24 highly performing LEDs for 5W of total power, it is powered by 24Vdc. POLAR is designed for fast surface installation through a wall fixing mechanism that requires only two screws. This allows you to hide the power cable directly on the back of the cabinet without the need to design preventive and complex holes in the cabinet. Its features make it ideal for using under kitchen cabinets or under shelves.

### FEATURES

- Material:** aluminium
- Finish:** aluminium
- Light source:** SMD LED module
- Connector:** Micro24
- Wiring:** 2000mm
- Application type:** under cabinet, under shelf
- Installation:** surface

### POLAR without switch

UFORM CODE	WATT & VOLT	LIGHT COLOUR	FINISH	PER PACK
LG-POLARALUMNW	5W @ 24Vdc	Natural white	Aluminium	1
LG-POLARALUMWW	5W @ 24Vdc	Warm white	Aluminium	1

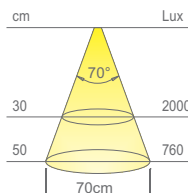

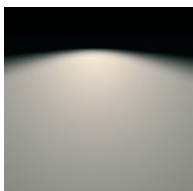

Led converter not included. To be ordered separately.

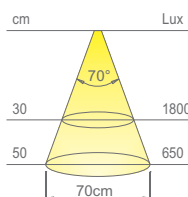

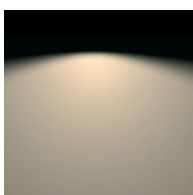

### SET POLAR 3X without switch

UFORM CODE	WATT & VOLT	LIGHT COLOUR	FINISH	PER PACK
LG-POLARALUMNWX3	3x5W @ 230Vac	Natural white	Aluminium	Set of 3
LG-POLARALUMWWX3	3x5W @ 230Vac	Warm white	Aluminium	Set of 3

Led converter included.

<b>Colour appearance</b>	natural white
<b>Colour temperature</b>	4000 K
<b>Luminous flux</b>	400 lm
<b>Luminous efficiency</b>	80 lm/W
<b>CRI</b>	Ra ≥ 80

<b>Colour appearance</b>	warm white
<b>Colour temperature</b>	3100 K
<b>Luminous flux</b>	375 lm
<b>Luminous efficiency</b>	75 lm/W
<b>CRI</b>	Ra ≥ 80

**WARNING:** All light fittings must be fitted by a qualified electrician. Care must be taken where lights are enclosed in a cabinet, ensuring there is adequate ventilation. Light fittings should not be fitted in the vicinity of flammable surfaces.
